- 38" tires
- 3,0L Turbo Diesel

The Toyota Hilux 38 has proven itself as a real workhorse whose versatility is unparalleled. It's light weight makes it highly capable when it comes to off-road ability. It seats up to five people and is comfortable for four adults. The pick-up bed in the back can be used for storing luggage, equipment or even used to install a camper on. The Swiss army knife of Super Jeeps.

You don't have to know anything about cars to recognize the Land Rover. It's probably the most traveled vehicle on earth, making it the perfect candidate for the modifications we do to cope with our conditions. It's simple, rugged and utterly cool. Being the lightest vehicle of the bunch, gives this Super Jeep the ability to punch above its weight.

The Toyota Land-Cruiser 120 38 is a very versatile and reliable tool for bringing people to special places. It seats up to seven people and is comfortable for five adults. It's light weight and advanced suspension make it one of the smoothest rides in the Super Jeep lineup. It shouldn't be underestimated since one of these has been to both the North and South magnetic poles.

NISSAN
PATROL

Passenger capacity

- Max 6

Vehicle equipment

- High power stereo
- Leather interior
- GPS
- VHF radio
- Four wheel drive
- Differential lockers
- 38 - 44" tires
- 3,0l turbo diesel

This is a light and capable Super Jeep ready for all kinds of terrain and conditions. The Patrol is known for its robust drive-train as well as being the most spacious of the smaller Super Jeeps. When the going gets tough, the Patrol really gets going. The smaller passenger capacity makes for a more intimate experience.

- High power stereo
- Leather interior
- GPS
- VHF radio
- Four wheel drive
- 38" tires
- 7,3l turbo diesel V8

The Ford Excursion 38 is in a league of its own. It boasts a spacious interior with seating for up to seven passengers with ample luggage space in the back. Modified with 38" tires will get through most rivers and over highland roads while maintaining unsurpassed comfort on the longer travel legs. The perfect travel companion for the family or a small group.

- Convenience step

Traveling through the highlands or traversing glaciers doesn't get more luxurious than in the Excursion XL. XL stands for extra long and that's just what it is. It has an extra row of seats, two more doors, which makes it one of the most accessible of the higher capacity Super Trucks. Comfortable leather seating and space in abundance goes well with the magical view.

The Econoline 46 Super Truck has large passenger capacity, but is no less capable when it comes to challenging conditions. With space for up to 10 passengers it is an economical option for smaller groups. The high roof and comfortable seats make it a very comfortable environment to be in while traversing the odd glacier or two.

The Econoline 46 Super Truck has large passenger capacity, but is no less capable when it comes to challenging conditions. With space for up to 14 passengers it is an economical option for smaller groups. The high roof and comfortable seats make it a very comfortable environment to be in while traversing the odd glacier or two.

This new addition to the Super Truck flora has proven itself to be a very good option for big families or smaller groups. Seating up to 11 passengers it still has a bit of luggage space in the back. The large windows and comfortable seats go well with the quiet engine and good sound-insulation of the Mercedes Benz.

It is fully equipped to cope with the most difficult situations Iceland has to offer. These have the highest passenger capacity of any road-going Super Truck and are among the newest in the fleet. Double-glazed windows secure clear visibility out of the truck at all times and dampen outside noise. The most affordable and eco friendly way to get to the core of Iceland.
